Gerald Tschida, Mayor
Fort Ripley, MN 56449

RE: Proposed Annexation

Dear Mayor Tschida and Fort Ripley Councilmen;

We the undersigned respectfully request to be considered for annexation into the city of Fort Ripley.

Our adjoining properties would extend the city limits to the section road. Over the years we have done considerable business at the Fort Ripley Store, post office and liquor store and would like to be included in the Fort Ripley City Community. We presently have many of the same services of Fort Ripley such as Minnesota Power and Light, Otremba Disposal and George DeRosier's Plowing Service.

As you are aware, the Brainerd Rural Fire Department is presently indecisive; therefore, we would feel more secure with fire protection from Belle Prairie or Little Falls Departments.

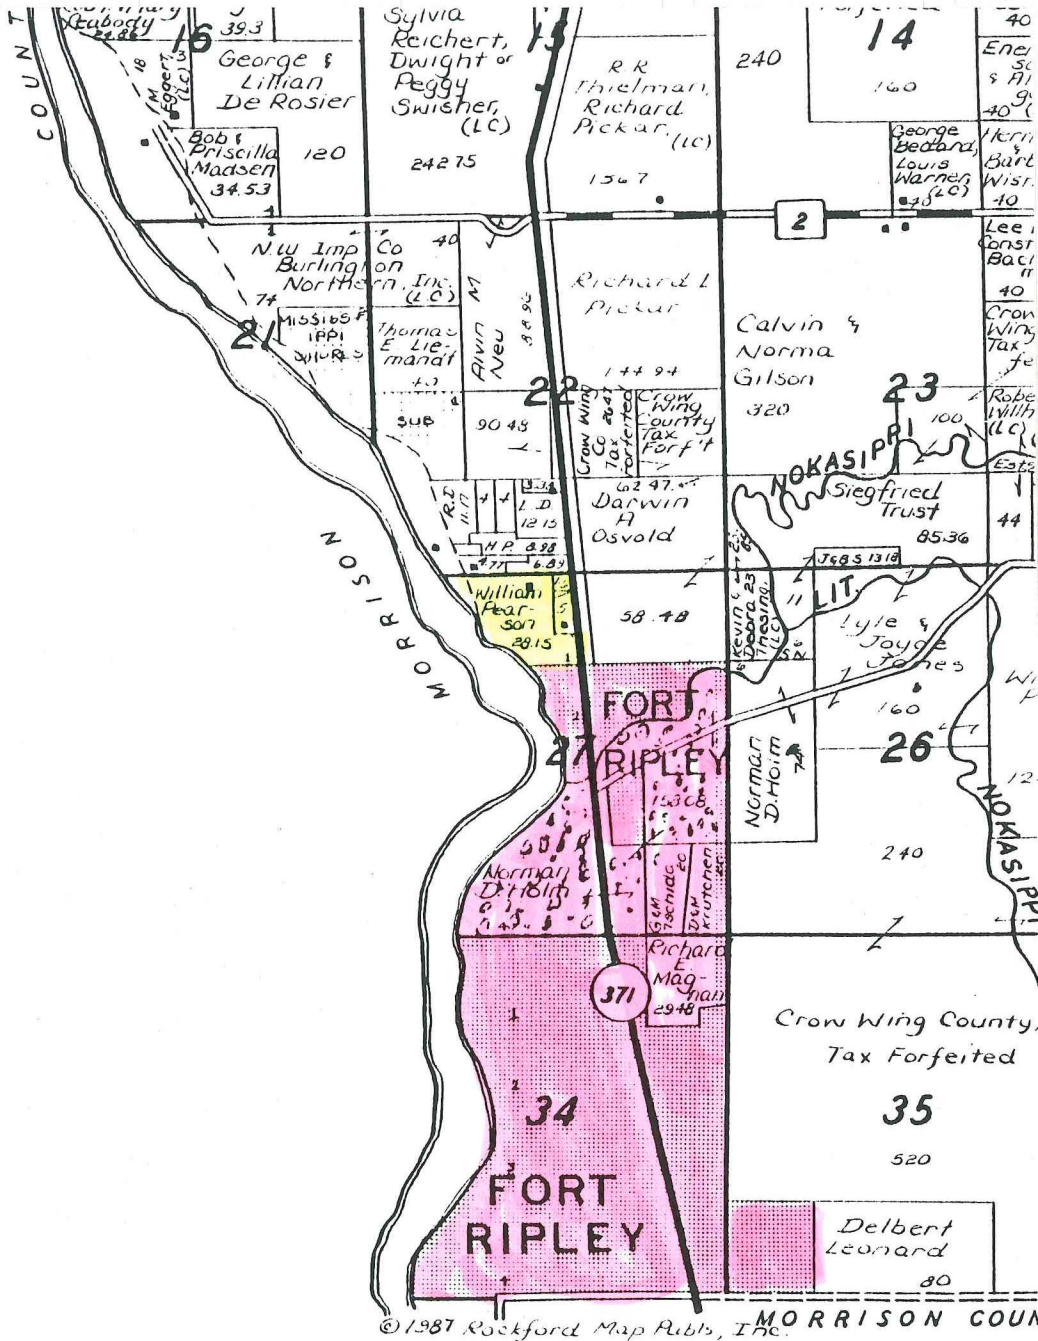

Thank you for this consideration.

Sincerely,

William and Leona Pearson
