

PETITION

I the undersigned, owner of land within the Town of Grand Rapids, desire to be annexed to the City of LaPrairie.

Presently a part of my land is within the City but my house is in the Township. The City of LaPrairie does provide City sewer service to the house.

I am requesting annexation so that City water service can be extended to my property. The City has told me their water contract with the City of Grand Rapids prohibits any water service to areas outside of the City. The property proposed for annexation presently abuts the City.

I am planning to build a new house and I need all of the property to be in the City of LaPrairie.
