IN THE MATTER OF THE PETITION BY ALL OF THE PROPERTY OWNERS FOR THE
DETACHMENT OF CERTAIN LAND FROM THE CITY OF MOUNTAIN IRON,
MINNESOTA AND CONCURRENT ANNEXATION TO THE CITY OF VIRGINIA,
MINNESOTA PURSUANT TO MINN. STAT. § 414.061, SUBD. 5

TO: Office of Administrative Hearings
Municipal Boundary Adjustment Unit
P.O. Box 64620
St. Paul, MN 55164-0620

We, the undersigned, being all of the property owners of the following described land, hereby request the Municipal Boundary Adjustment Unit of the Office of Administrative Hearings to detach said property from the City of Mountain Iron and annex it to the City of Virginia, pursuant to Minn. Stat. § 414.061, subd. 5:

See attached Exhibit A.

In bringing forward this petition, the petitioner states that:

1. There is one property owner of the parcel proposed for detachment/annexation. The sole property owner is the City of Mountain Iron.
2. The property is presently within the City of Mountain Iron and abuts the City of Virginia, in St. Louis County.
3. The property proposed for detachment/annexation is 3.5 acres.
4. This boundary adjustment is being requested because: The property to be detached/annexed encompasses the recently reconstructed intersection of U.S. Highway 53 and 9th Street North, a municipal street of the City of Virginia. The intersection primarily serves traffic into and out of Virginia, to U.S. Highway 53. The intersection is maintained by the City of Virginia. Other than the current roadways, the property is vacant. Considering the size and current use of the property, the only relevant factor in Minn. Stat. § 414.01, subd. 3 appears to be subsection 4, which mandates consideration of transportation network and related issues. The City of Mountain Iron is in favor of the detachment, and the City of Virginia is in favor of annexation.

PROPOSED PARCEL TO BE DETACHED / ANNEXED LEGAL LAND DESCRIPTION

Commencing at the Northeast Corner of Section 12, Township 58 North, Range 18 West, according to the US Government Survey thereof, set in 1882 by W. Allen, US Deputy Surveyor, thence South 01 degree 44 minutes 13 seconds East, assigned bearing, along the east line of said Section 12, as located by Allen in 1882, a distance of 462.99 feet to the north right of way line of Ninth Street North, formerly known as Highway No. 169, and the POINT OF BEGINNING; thence westerly and northwesterly a distance of 351.75 feet along the said north and northeasterly right of way line of Ninth Street, along a non-tangential curve, concave to the north, having a chord bearing of North 84 degrees 02 minutes 11 seconds West, a chord length of 350.83 feet, a radius of 1402.89 feet, and a central angle of 14 degrees 21 minutes 57 seconds; thence continuing along said northeasterly right of way line, non-tangent to the last described curve, North 30 degrees 39 minutes 26 seconds West a distance of 143.84 feet to the east right of way line of State Trunk Highway No. 53; thence South 87 degrees 55 minutes 54 seconds West, parallel with and 301.88 feet north of the south line of Section 6, Township 58 North, Range 17 West, according to the US Government Survey thereof, located in 1878 by F. Howe, US Deputy Surveyor, a distance of 246.32 feet to the west line of said Section 6, as located by Howe in 1878; thence South 00 degrees 43 minutes 08 seconds East, along said west line of Section 6, a distance of 301.96 feet to the Southwest Corner of said Section 6, as located by Howe in 1878; thence North 87 degrees 55 minutes 54 seconds East, along the said south line of Section 6 as located by Howe in 1878, a distance of 668.91 feet to the said east line of Section 12, as located by Allen in 1882; thence North 01 degree 44 minutes 13 seconds West, along said east line, a distance of 126.56 feet to the Point of beginning and there terminating.

PROPOSED AMENDED MUNICIPAL BOUNDARY DESCRIPTION

BEGINNING at the Northeast Corner of Section 12, Township 58 North, Range 18 West, according to the US Government Survey thereof, set in 1882 by W. Allen, US Deputy Surveyor, thence southerly along the east line of said Section 12, as located by Allen in 1882, to the north right of way line of Ninth Street North, formerly known as Highway No. 169; thence westerly and northwesterly along the north and northeasterly right of way line of said Ninth Street to the east right of way line of State Trunk Highway No. 53; thence westerly, parallel with and 301.88 feet north of the south line of Section 6, Township 58 North, Range 17 West, according to the US Government Survey thereof, located in 1878 by F. Howe, US Deputy Surveyor, thence southerly along the west line of said Section 6, as located by Howe in 1878, to the Southwest Corner of said Section 6, as located by Howe in 1878, and there terminating.

SURVEYOR'S NOTE:

Frank D. Howe, US Deputy Surveyor, surveyed and set the original location of the range line between Township 58 North, Range 17 West, and Township 58 North, Range 18 West, in October, 1878. In January, 1882, US Deputy Surveyor William Allen retraced the original range line, but was unable to locate Howe's line forming the line common to Section 6, Township 58 North, Range 17 West, and Section 12, Township 58 North, Range 18 West. Finding no evidence of Howe's range line, Allen set new section corners, inconsistent with the already established line, thereby creating an overlap of the two townships. Subsequent surveys recovered evidence of both distinct range lines, confirming the existence of the overlap condition.

The proposed municipal boundary is located within the township overlap, and is properly located simultaneously within both Section 6, Township 58 North, Range 17 West, and Section 12, Township 58 North, Range 18 West.
