DETACHMENT INFORMATION

From the City of Dundas to the Town of Bridgewater Township
under Minnesota Statute 414.06:

[The term "subject area" referred to herein means the area that is proposed for detachment.]

- (a) Present population and number of households, past population and projected population growth of the subject area, the adjacent municipality, and adjacent units of government:

	<u>Dundas</u> Present City	<u>Bridgewater</u> Present Township	<u>Albers Farm</u> Subject Area	<u>Rice Co.</u> Adjacent Unit of Gov't
1980 Population	<u>422</u>	<u>1691</u>	<u>3</u>	<u>46087</u>
1990 Population	<u>473</u>	<u>1612</u>	<u>3</u>	<u>49183</u>
Current Population	<u>482</u>	<u>1827</u>	<u>1</u>	<u>53514</u>
Current Households	<u>179</u>	<u>611</u>	<u>1</u>	<u>18222</u>
Projected in 5 years	<u>no projections</u>	<u>no projections</u>	<u>1</u>	<u>year 2000 → 54710</u>
Source of Data	<u>= US census and the Minnesota office of the state Demographer</u>			<u>(owners) year 2005 → 56390</u>

- (b) Geographic Features:

1.	<u>Dundas</u> Present City	<u>Bridgewater</u> Present Township	<u>Albers Farm</u> Subject Area	Adjacent Unit of Gov't
Total Acreage	<u>960</u>	<u>26,000</u>	<u>202.7</u>	

2. Describe any waterways in or adjacent to the subject area: (rivers, streams, shorelands, protected water, protection wetlands) Our farm is in two watersheds, the Spring Brook Trout Stream and the Cannon "Wildland Scenic" River. A pamphlet and a Spring Brook committee report is attached and will describe them further

3. Describe the soils and terrain in the subject area: LuA-33.5 acres, LIC2-2.5 acres, LIB-111.4 acres, EsC-1.5 acres, We-21.8 acres, FaA-5.1 acres, FaB-11.8 acres, R8-4.3 acres, Gc-8.5 acres, CIB-0.5 acres. This farm is "prime" farmland and has an approximate CER of 95 when tile is factored in

(c) Contiguity:

1. The perimeter of the subject area is approximately 45 % bordered by the municipality.

(d) Present pattern of physical development, planning, and intended land uses in the subject area and adjoining area:

1. There are the following land uses: (Please fill in approximate acreage or percentages if available instead of yes or no.)

	City		Township		Subject Area	
	Yes	No	Yes	No	Yes	No
Residential	79.7 acres	8.3%	not available		1 house or .2 acres	.1%
Institutional (tax exempt)						
Commercial	41 acres	4.27%			2.5 acres	
Industrial	29.5 acres	3.07%				
Agricultural	506.5 acres	52.76%			202.5 acres	99.9%
Vacant Lands	35.1 acres	3.66%				

2. What type of development is proposed for the subject area?

none

(e) The present transportation network:

1.

	Present City	Present Township	Subject Area
Number of Miles of Highway, Streets & Roads	aprox 10 miles	39 miles	county road 1 → .4 miles Decker ave → .2 miles Total → .6 miles

2. Are any transportation changes planned in the subject area? yes _____ no
in the city? yes _____ no

(f) Land Use Controls and Planning:

1. Comprehensive Plan (Attach copy of portion that applies to subject area):

	City	Township	County	Region
Adoption Date	1994		1992	
Status of Plan				
No Existing Plan		<input checked="" type="checkbox"/>		

2. Have any area planning authorities adopted an official position on the proposed boundary adjustment? (planning commissions, boards, joint boards, Met Council, Minnesota Planning, region, county)

yes _____ no supportive _____ non-supportive _____

If yes, describe and attach copy: _____

3. Please check where the following exists and give any necessary explanations on how it relates to the proposed action. (Since it may be possible that two or more plans attempt to regulate the same area, please circle whose ordinance presently applies to the subject area.)

	City		Township		County Adopted		Date		
	Yes	No	Yes	No	Yes	No	City	Town	County
<i>see attachment</i> Zoning	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>					
<i>see attachment</i> Subdivision Regulations		<input checked="" type="checkbox"/>		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>				1/20
Official Map	<input checked="" type="checkbox"/>			<input checked="" type="checkbox"/>					
Capital Improvements/Budget				<input checked="" type="checkbox"/>					

Fire Code State fire code is followed, fire protection is provided to the township, city and subject area by the Northfield rural fire dept

* If city does not provide water to the subject area, who does? water is adjacent

receiving

* Would city take over or allow existing use? _____

** If city does not provide sewer to the subject area, who does? None needed, water sewer is adjacent

** Would city take over or allow existing use? _____

(h) Describe any existing or potential environmental problems and whether the proposed action is likely to improve or resolve these problems: (Example: ground or surface water problems, water quality and levels, sewage treatment, air pollutant emissions, noise, odors, affect on fish or wildlife; affect on historical resources, archaeological resources, aesthetic resources; impairment of park lands, prime farmlands, wild and scenic rivers, critical area; abandoned dump or disposal site, etc.)

By detaching the Albers Farm from the city of Dundas it will prevent major environmental problems. IF the Farm is in Bridgewater it eliminates the chance of development occurring. IF development did occur on the Albers Farm, or adjoining area, it would have a detrimental effect

On the Cannon River and Spring Brook trout stream. The native trout in Spring Brook will die due to runoff and higher water temperature. Also development would destroy "prime" farmland which has a 95 CER. Aesthetics will also be affected because many people in Dundas enjoy the rural nature of ~~the~~ the community.

- (i) Plans and programs by the receiving governmental unit for providing governmental services to the subject area and the impact of the proposed action on delivery of said services: LSAH #1 is maintained by Rice County, Dundas hires Bridgewater Township to maintain Decker Ave. If the Detachment is successful, the city and township would go 1/2 and 1/2 in the maintenance of Decker Ave

- (ii) Describe the fiscal impact on the city, the subject area, and adjacent units of local government:

	Present City Year:	Present Township Year:	Subject Area Year:	Trend over last 3 yrs.

(k) Would the proposed action affect area school districts or adjacent communities?
yes _____ no

Describe if yes: _____

(l) Are new services necessary for subject area? yes _____ no

Does township have capacity to provide? yes no _____

(m) Can necessary governmental services best be provided by the proposed boundary adjustment or another type of boundary adjustment?
yes by proposed action no _____ by _____

(n) If the detachment were approved:

1. Would the city suffer any undue hardship?
yes _____ no

Describe if yes: _____

2. Would the symmetry of the city be effected?
yes _____ no

Describe if yes: _____

3. Should the area to be detached be increased or decreased?
yes _____ no

Describe if yes: _____

(o) Has the city made any improvements to the subject area? no
WHICH ones? when
Describe if yes: _____
water 1980-2000
sewer 1996-97

(p) Is the city owed any indebtedness by the subject area? no

Describe if yes: _____

(q) Will the subject area be assuming any township indebtedness?

Describe if yes: N/A (MINIMAL)

- (r) Has there ever been a previous boundary adjustment filed for this property or substantially the same property before? no

Describe if yes: _____

(s) Why have you filed a petition/objection for detachment? We have farmed this land for approximately 76 years and would like to continue doing so for many years to come. It is the best farm in the area, with a CER of 95, and we plan on keeping it in the family. The township has and will serve our needs as farmers better than the city of Dundas because they (township) are more farm oriented than the city of Dundas

CITY OF DUNDAS

ADDENDUM TO DETACHMENT INFORMATION SHEET

The City of Dundas is strongly opposed to the detachment of the subject area.

In 1996, the City of Dundas undertook an improvement project covering the entire city. Included in Improvement Project 96-01 was the construction of sanitary sewer, storm sewer, water, curb, and hard-surface streets throughout the entire city. The subject area specifically benefitted from these improvements and was specially assessed as a part of the project.

The City of Dundas has entered into an agreement with the City of Northfield which allows the Dundas sanitary sewer system to connect to the City of Northfield wastewater-treatment plant. A copy of the joint agreement between the two cities is attached to the information sheet. The City of Dundas is concerned that detachment of the subject property, which is serviced by the Dundas sanitary sewer system, would create a breach of the joint agreement with the City of Northfield.

Finally, the City's Comprehensive Plan (1994) creates an urban expansion boundary which is approximately 1 mile beyond the existing city boundary. It defies logic to allow detachment of the subject property, when the City of Dundas has already planned for future regulation of property beyond the existing City boundary.
