City Council Resolution #99-255

A handwritten signature in black ink, appearing to be "JBW", is written to the right of the "FROM:" line.

Locust, LLC, has made application to the City of Northfield for annexation of 63 acres of land to the City of Northfield. The Developer is requesting annexation of 60 acres of his proposed development in 2000 and the remaining three acres in 2001. The City Council adopted resolution #2000-340 on October 16, 2000 approving the Conceptual Development Plan for the proposed development and directed City staff to prepare a joint resolution for orderly annexation consistent with Resolution #99-255 (OA-631) between the City of Northfield and Bridgewater Township regarding the proposed annexation. As you may recall, the City of Northfield and the Township of Bridgewater adopted Resolution #99-255 (OA-631), which is a Joint Resolution for Orderly Annexation between the City of Northfield and Bridgewater establishing a master annexation agreement between City and the Township. Pursuant to paragraph XV of Resolution #99-255, future annexations are to be accomplished by the submission of a joint resolution for orderly annexation to Minnesota Planning (the successor agency to the Municipal Board) by the City and the Township.

I have drafted the attached joint resolution for orderly annexation between the City of Northfield and Bridgewater Township, which will annex 60 acres of the development proposed by Locust, LLC, in 2000 and the remaining 3 acres in 2001. The joint resolution has also been drafted consistent with Resolution #99-255 (OA-631) the master annexation agreement between the City of Northfield and Bridgewater Township.

Pursuant to Resolution #2000-340, the Developer is required to deed the right-of-way for Jefferson Road to the City prior to the City annexing the property. As of the date of this memorandum, the Developer has not submitted the deed for Jefferson Road to the City.

Office of the Community Development Director
Memorandum: #2000-46

Normally, this item would not be scheduled on the Council agenda until the conditions for annexation were met, but it was my desire to provide the Developer with all the time available to complete the annexation in 2000. Unless the deed for Jefferson Road is submitted to the City in compliance with Resolution #200-340, and the legal description and title opinion is reviewed and determined to be acceptable, I would not recommend that the City Council adopt this resolution.

The Bridgewater Town Board did review the resolution at their meeting on December 11, 2000, but did not act on the resolution. The Board will be scheduling a special meeting next week in order to complete their action.

This property described in this Section II. a shall be zoned as Highway Commercial (C-3).

No part of the Property may be annexed to the City of Northfield unless a minimum of two-thirds of the land owners owning a minimum of two-thirds of the land in the area to be annexed request annexation. All land to be annexed shall be reasonably compact in size and, after the annexation, should not isolate any other parcels of land. Notwithstanding any other provision of this Agreement, however, nothing herein shall prevent the City from annexing any property per Minnesota Statutes Section 414.033, Subd. 2, (2), which specifically allows the annexation by ordinance of land that is completely surrounded by land within the municipal limits. In addition nothing herein shall prevent the City from annexing property owned by the State of Minnesota or the United States of America, pursuant to Minnesota Statutes, Section 414.033. In addition, any parcels of land that are located within the Township of Bridgewater that are owned by the City on or before the date of this Agreement may be annexed by the City of Northfield pursuant to Minnesota Statutes Section 414.033.
- V. The City of Northfield agrees that during the term of this Agreement no annexations, other than through this Orderly Annexation Agreement, shall be requested or take place from the Township of Bridgewater to the City of Northfield, except in such cases where the annexation is ordered by the State of Minnesota without petition by the City, and except as provided in Section IV.

- VII. The City of Northfield agrees that the subdivisions known as Bittersweet and Timberlane, located in Section 12, Township 111 North, Range 20 West, Rice County, Minnesota, will not be annexed by the City of Northfield until such time as land surrounding these

developments has been annexed, including the adjacent property to the south of County State Aid Highway #1, except that nothing shall prevent a two-thirds majority of the property owners within each of the subdivisions named above from requesting annexation to the City of Northfield, in which case this Agreement shall not prevent the annexation of one or both of these subdivisions pursuant to any means provided by law, and except where annexation is ordered by the State of Minnesota without petition by the City.

- VIII. The parties hereby confer jurisdiction on the Municipal Board or its successor agency over annexation of the Property and over the various provisions of this Agreement. The Property is adjacent to the City of Northfield.
- IX. All annexation within the Property will be consistent with the City's policies concerning the extension of municipal utilities.
- X. The City of Northfield will construct and provide water, sanitary sewer, storm sewer and street improvements to the Property as requested by the owner, pursuant to state and local law, in the discretion of the City and based on the policies of the City then in effect.
- XI. For each annexation that occurs under this Agreement, the electric utility service notice as required by Minnesota Statutes Section 414.0325, Subd. 1a, will be satisfied.
- XII. The parties agree to the following division of tax revenues from the Property and payment of special assessments for local improvements to the Property:

- (A) Property Taxes: After annexation, the tax capacity rate applicable to parcels within the Property which have been developed for residential use and are occupied as of the date of this Agreement shall be increased in substantially equal proportions each year of a six year period until it equals the tax capacity rate of the City of Northfield. The tax capacity rate applicable to other parcels within the Property shall be increased in substantially equal proportions each year of a six year period until it equals the tax capacity rate of the City of Northfield, provided that when substantially all municipal services are available to any such parcel(s), as determined by the City Engineer, the tax capacity rate applicable to those parcel(s) shall thereupon be increased immediately to the tax capacity rate of the City of Northfield.

The Property or any portion thereof shall be taxed at the tax capacity rate as described above, and the City shall receive all local property taxes payable on the Property, until the second full calendar year after the year in which a Certificate of Occupancy is issued for the Property or any portion thereof. Beginning with the second full calendar year after the year in which a Certificate of Occupancy is issued for the Property or any portion thereof, the Township shall receive property taxes on such Property or portion thereof for a six year period to the extent of the Township's tax capacity rate each year multiplied by the tax capacity of the Property or portion thereof in each year of the six year period, except that for single family residential properties the reimbursement shall be based on the tax capacity multiplied by the

Township's tax capacity rate established for the second calendar year after a Certificate of Occupancy has been issued for the Property or any portion thereof that is single family residential, and this same amount shall be paid to the Township in each year of the six year period regardless of the exact amount collected by the City of Northfield. The City of Northfield shall receive all property taxes in excess of any amounts payable to the Township pursuant hereto, and all property taxes payable from and after the expiration of any applicable six year period.

In the event that no Certificate of Occupancy has been issued for the Property or any portion thereof within six (6) years of the effective date of each annexation, then beginning in the seventh year after the effective date for each annexation the Township shall receive property taxes from the Property or any portion thereof for which a Certificate of Occupancy has not already been issued for a six year period to the extent of the Township's tax capacity rate each year multiplied by the tax capacity of the Property or portion thereof in each year of the six year period, except that for single family residential properties the reimbursement shall be based on the most recent tax capacity multiplied by the most recent tax capacity rate established and this same amount shall be paid to the Township in each year of the six year period regardless of the exact amount collected by the City of Northfield. The City of Northfield shall receive all property taxes in excess of any amounts payable to the Township pursuant hereto, and all property taxes payable from and after the expiration of any applicable six year period.

For the purposes of this Agreement the term "single family residential" shall be defined as single family detached dwelling units consisting of one dwelling unit per lot and single family attached units consisting of two dwelling units connected by a common wall with each dwelling unit located on a separate lot.

- (B) Utility and Street Assessments: The Property will be assessed for utility and street improvements when said improvements have been determined by the City to benefit the Property as required by Minnesota Statutes Chapter 429.

- XIII. The Property shall be zoned according to normal zoning procedures established in the Northfield Zoning Ordinance. The City of Northfield Comprehensive Plan shall guide the City in arriving at the appropriate zoning of the Property. When the Property is annexed to the City, it will be zoned Agricultural, unless another zoning designation is specified at the time of annexation.
- XIV. This Agreement will go into effect on the date that the Orderly Annexation Agreement is approved by the Minnesota Municipal Board or its successor agency. Each subsequent annexation within the Property designated by this Agreement must be reviewed and approved by the Municipal Board or its successor agency.
- XV. The City of Northfield and the Township of Bridgewater agree that no alteration of the stated boundaries of the Property is appropriate. Furthermore, the parties agree that no

consideration by the Municipal Board or its successor agency is necessary. Upon receipt of this resolution, passed and adopted by each party, the Municipal Board or its successor agency may review and comment, but shall, within thirty (30) days, make an order, including the immediate annexation stated in Section II, in accordance with the terms of this joint resolution.

Future annexations will be accomplished by submission of a joint resolution for orderly annexation to the Municipal Board or its successor agency from the City and the Township. In any case where there is a disagreement between the City and the Township as to an area proposed for annexation under the terms of this Agreement, either the City or the Township or both may submit a resolution to the Municipal Board or its successor agency to consider said annexation, pursuant to Minnesota Statutes, Section 414.0325; and specifically Subdivision 2 of Minnesota Statutes, Section 414.0325 shall apply for hearing purposes. The submission of a resolution by either the City or the Township, or both the City and the Township to the Municipal Board or its successor agency to consider an annexation under the terms of this Agreement shall confer jurisdiction to the Municipal Board or its successor agency over said annexation.

In regard to the subdivisions known as Bittersweet and Timberlane, any future annexation will occur subsequent to compliance with the terms of Section VII and the previous paragraph.

- XVI. The City of Northfield and the Township of Bridgewater agree to work with all other appropriate jurisdictions to protect Spring Brook Creek and the Spring Brook Creek Watershed.
- XVII. The City of Northfield will reimburse the Township Bridgewater for its costs, limited to attorney's fees and extra meeting costs incurred in relation to this Orderly Annexation Agreement, up to \$3,500.00.
- XVIII. Any tax payments due to the Township per Section XII. of this Agreement will be made within 30 days of receipt by the City of the tax distribution from Rice County.
- XIX. This Agreement will automatically expire on December 31, 2019; however, nothing herein shall prevent the City of Northfield and the Township of Bridgewater from amending this Agreement during its term.
- XX. This Resolution shall be a binding contract upon the Parties herein, and may be enforced in either Law or Equity, notwithstanding future amendments in Minnesota Statutes, except as specifically provided otherwise in this Agreement.
