Re: Possible Annexation

Interest has been expressed in annexing parts of Hoolihan's Addition to either the City of Grand Rapids or to the City of LaPrairie.

The Cities of LaPrairie and Grand Rapids have been discussing the most efficient way for your properties to be provided with City services. Currently, it appears that annexation to the City of LaPrairie (with utility operation and maintenance being provided by the Grand Rapids Public Utilities) would be in your best interest.

Concurrent with the annexation process, the feasibility of providing sanitary sewer and watermain will be studied and discussed. You will be notified specifically of any hearings on either the annexation or utility proposals.

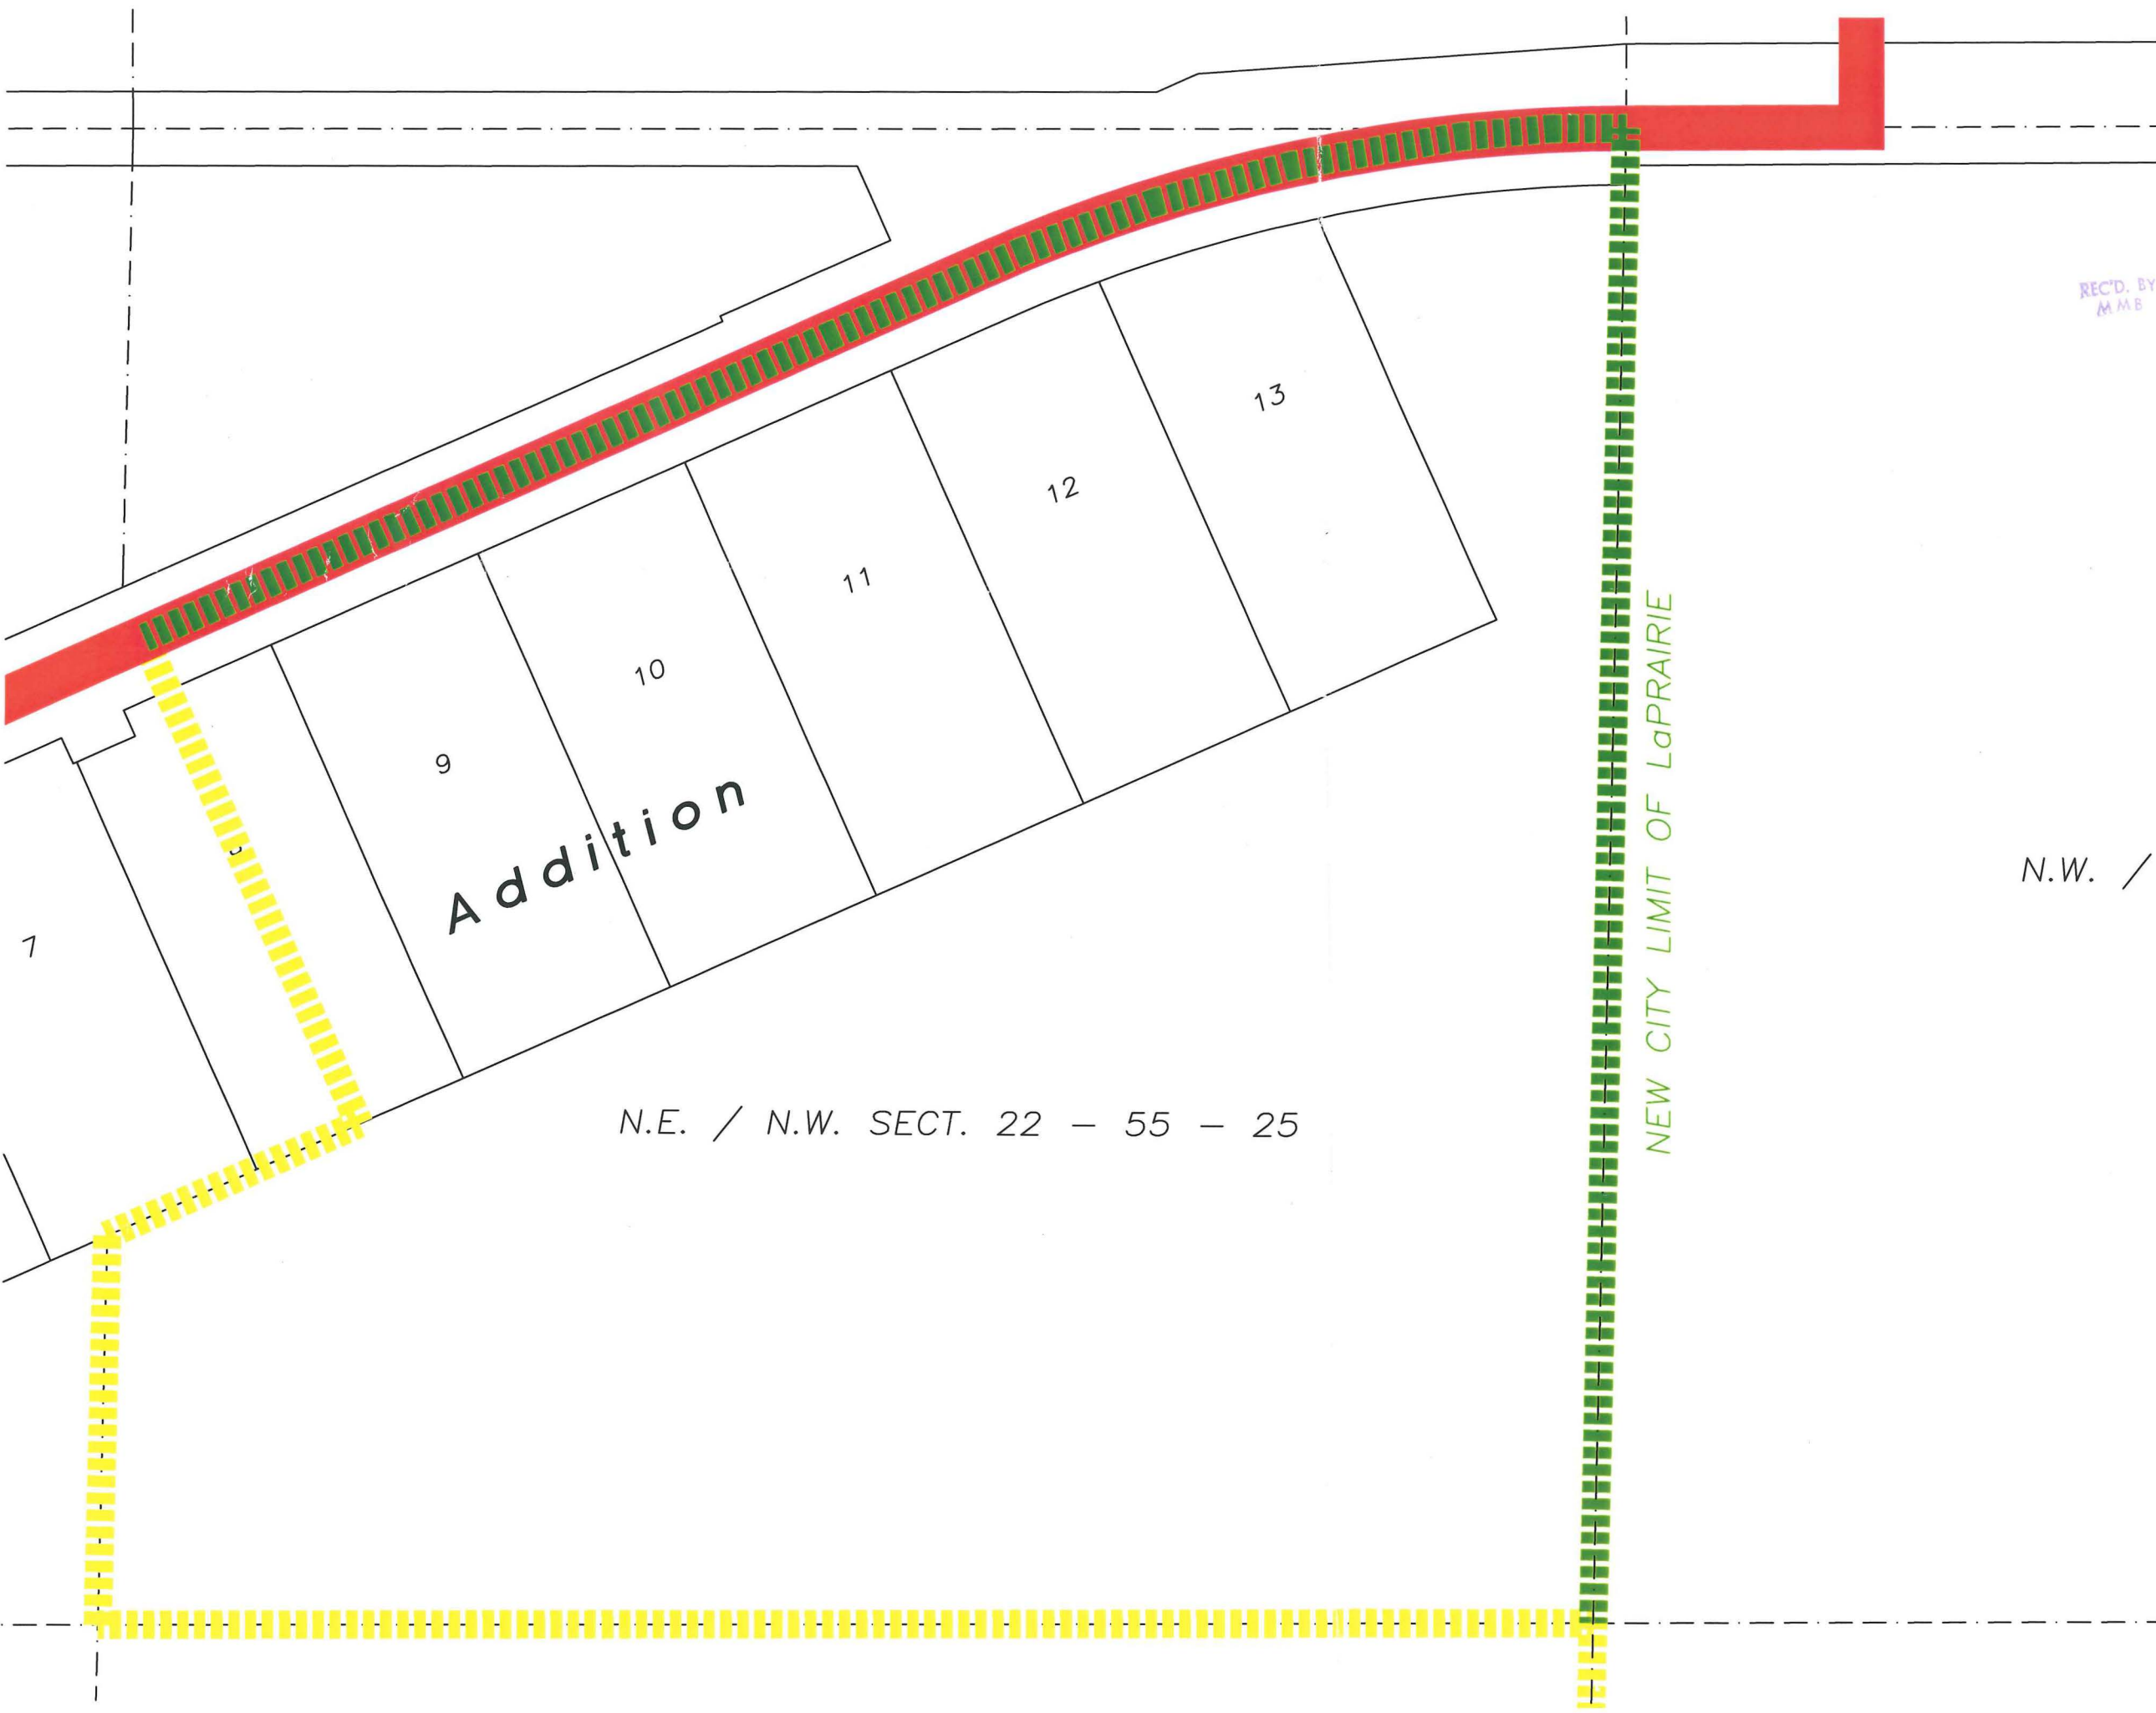

In order to begin this process, please sign the attached document and return to me at the address below.

If you have any questions at all please call me (days or evenings) at 218-326-6513.

Sincerely,

Paul E. Vanderlinde
City Engineer
