**WHEREAS**, the City of New Ulm (hereinafter "City") and Milford Township (hereinafter "Township") deem it necessary and appropriate that they work together to develop and implement a process for the orderly and controlled growth of the City and Township; and

**WHEREAS**, the City and Township agree that municipal government most efficiently provides governmental services in areas which are developed for residential, commercial, industrial and governmental purposes, and that Township government most efficiently provides governmental services in areas used or developed for agricultural, open space and rural residential purposes; and

**WHEREAS**, the City and Township agree that given the potential public health threat from individual sewage treatment systems in certain areas designated herein, there is a need for municipal sanitary sewer service; and

**WHEREAS**, the City and Township agree that orderly annexation and extension of municipal sanitary sewer service to areas needing such service would benefit the public health, safety, and welfare of the entire community; and

**WHEREAS**, the City and Township agree that orderly urban development using municipal services in a responsible, controlled, and environmentally sound manner is in the best interests of the entire community; and

**WHEREAS**, the City and Township agree that orderly annexation and orderly development of the areas designated herein is one way to promote the public health, safety, and welfare of the entire community by providing for the logical development of the community and the extension of municipal services as urban development occurs; and

**WHEREAS**, pursuant to its CITY OF NEW ULM EXTRATERRITORIAL SUBDIVISION REGULATION RESOLUTION OF 2003 the City has determined that the extension of its subdivision regulations pursuant to Minnesota Statutes Section 462.358, Subd. 1 to include the areas defined in the attached Exhibits 1 and 2, is in the best interest of the City and has identified those areas as ones of potential future growth of the City;
